Cerebro-spinal fluid test in syphilis, 61

Dysentery, salvarsan and stovarsol in amoebic, 2

Ehrlich’s discovery (salvarsan, “606” ; neosalvarsan, 914), 1, 275
Endotoxin, use of, 48, 49, 59, 59

Films, British Social Hygiene Council, 144
“Gonorrhoea in the Male,” “The Manifestations, Diagnosis and Treatment of Syphilis,” 141

Gonococcus, the, A Preliminary Note on the Employment of certain Constituents of, in Treatment and of other Constituents in Tests of Cure (E. C. Lambkin), 33
Alpha - nucleo - protein and beta - nucleo - histone composition of polar bodies, 34, 47
Alpha-nucleo-protein and immunity to anthrax in rabbits, 50
Calmette’s tuberculin, antigenic powers of, 50
diagrams showing types of cases, 38-45
complications, incidence of, 46
diathermy, 31, 53
Dimond’s (Captain Lyn) Researches into Chemistry and Biology of the Gonococcus, 33
di-sodium mono-hydrogen phosphate administration, 35
diagnosis of, 35
endotoxin as a test of cure, use of, 48, 50-59
endotoxin, routine, and “negative phase,” 49
“immunogen,” 55, 58
intra-dermal injection, 34
intra-urethral injection, 34
lessons from results, 47
media, 51
isolation, 51
medium for preparation of endotoxin, 52
nucleo-proteins, 49, 50
antigenic action of, 49
polar bodies (Babes’ bodies), clinical experiments on, 34
protein shock therapy, 30, 31
Robertson’s (W. J.) clinical application of Dimond researches, 53
treatment as to course of events, 37, 46
urine, optimum reaction of, 35
vaccine, antigenic properties of gonococcal, 35
how used, 35
manufacture of, 47, 48
therapy of gonococcal infections, 39, 31, 54, 55
INDEX

Gonorrhoea (L. W. Harrison), 24
diagnosis, 25, 54
difficulty of, 56
topical, 27
urethroscope in, 27
value of cultures in, 26
gonococcal complement fixation, 26
laboratory examinations, 26
relapsed cases, incidence of, 54, 58
silver nitrate in, 28
treatment, principles of, 28
trypaflavine injections, 30
vaccines, 30

"Gonorrhoea in the Male" (film)
(L. W. Harrison), 141
Gonorrhoea (B.), The Treatment of
(F. Pinkus), 62
