British Journal of Clinical Pharmacology
Volume 39, Number 1, January 1995

Leading article
1 Promoting rational prescribing: an international perspective: H. V. Hogerzeil

Main papers
7 A comparison of the neuro-endocrinological and temperature effects of DU 29894, flesinoxan, sulpiride and haloperidol in normal volunteers: P. de Koning & M. H. de Vries
15 Individual and group dose-responses to intravenous omeprazole in the first 24 h: pH feedback-controlled and fixed-dose infusions: C. H. Wilder-Smith, H.-U. Bettschen & H. S. Merki
31 Lack of interaction between a new antihistamine, mizolastine, and lorazepam on psychomotor performance and memory in healthy volunteers: A. Patat, M. C. Perauti, B. Vandel, N. Ulliac, I. Zieleniuk & P. Rosenzweig
39 Concentration-effect relationship of levodopa in patients with Parkinson’s disease after oral administration of an immediate release and a controlled release formulation: S. Harder, H. Baas, N. Bergemann, L. Demisch & S. Rietbrock
45 Amlodipine and haemodynamic effects of cyclooxygenase inhibition: P. Minuz, P. Pancera, M. Ribul, F. Priante, M. Degan, A. Campedelli, E. Arosio & A. Lechi
51 The renin angiotensin aldosterone system and frusemide response in congestive heart failure:

59 Pharmacokinetics of physostigmine in man following a single application of a transdermal system: K. Walter, M. Müller, M. F. Barkworth, A. V. Nieciecki & F. Stanislaus
65 Caffeine as a metabolic probe: a comparison of the metabolic ratios used to assess CYPIA2 activity: L. J. Notarianni, S. E. Oliver, P. Dobrocky, P. N. Bennett & B. W. Silverman
71 CYP3A4 and CYP2A6 activities marked by the metabolism of lignocaine and coumarin in patients with liver and kidney diseases and epileptic patients: E. A. Sotaniemi, A. Rautio, M. Bäckström, P. Arvela & O. Pelkonen

Short reports
77 Evidence for a role of cytochrome P450 2D6 and 3A4 in ethylmorphine metabolism: Z. Liu, O. Mortimer, C. A. Dale-Smith, C. R. Wolf & A. Rane
81 Chronic tobacco smoking and gender as variables affecting amantadine disposition in healthy subjects: L. T. Y. Wong, D. S. Sitar & F. Y. Aoki
91 Proceedings of the British Pharmacological Society (7–9 September, 1994, University of Sunderland)
