the first new specific antidiarrhoeal agent in 15 years

Imodium

JANSSEN

stops diarrhoea safely and rapidly

unique chemical entity... loperamide (R 18 553) is an entirely new molecule, first synthesized by Janssen Research; the compound specifically inhibits hypermotility by a direct effect on the intestinal wall.

highly effective in acute diarrhoea... quickly relieves spasms and cramps; stops diarrhoea due to gastroenteritis, diet, functional causes, etc.; even more effective than diphenoxylate in double-blind studies.1,2

no incompatibility... no incompatibility with other therapies has been reported.

remarkably safe... contains no atropine, devoid of CNS activity; no adverse effects noted in long-term safety studies.3

patient-controlled dosage schedule... in adults, two capsules to start, one capsule after each unformed stool until bowel function is normalized.

Summary of Prescribing Information

Indications: Imodium is indicated for the control of acute diarrhoea regardless of origin.

Side-effects: no specific drug related side-effects have been reported to date.

Precautions: overdosage may lead to constipation. Safety of use in pregnancy has not been established. Imodium should not be used in patients with a known hypersensitivity to the drug and in those in whom inhibition of peristalsis must be avoided (e.g. subobstruction due to a tumour).

Availability: Capsules containing 2 mg of loperamide.

Dosage:

Acute diarrhoea

Initial dose 2 caps.

Subsequently after each loose stool 1 caps.

In acute diarrhoea a 5-day period of treatment should be adequate.

Full information is available on request.

3. Gastroenterol. 18, 337 (1972)
The Army pays medical students £2,194 a year. Obviously there are strings.

The first is, you must be under 25 with a place at a British medical school.
You'll also need to have passed your second MB or equivalent and a tough Army selection board.
But you'll get £2,194 to continue your normal medical studies. And £3,909 during your pre-registration period.
After that, it's five years in the Army.
You start as a Captain on £5,997. And you'll have the same postgraduate training facilities as in civilian life.
Of course, you'll have to get through Officer training at Sandhurst, and that includes the assault course.
But you'll emerge a lot fitter and, more importantly, a lot more confident about your role as an Army Officer.
However, your training doesn't stop there.
Next, we send you to Aldershot for field training and a run down on what the RAMC does. Then on to Millbank for a short course on the military aspects of the medical and surgical specialties.
After that, it's up to you.
We make you Medical Officer to a Regiment. Which includes looking after the soldiers and their families, rather like a busy GP.
Of course, you'll have to travel.
Probably to Germany and Ulster. And possibly even to Cyprus and Hong Kong.
Finally, you might be worried about continuing your career once you leave the Army.
A tax-free gratuity of £1,400–£2,600 should get you off the ground. (The difference depends on how long we pay you as a cadet.)
If you'd like more information, or if you are already qualified and would like to know about Short Service Commissions, write to Brigadier (Retd) John J. Voller, MRCS, LRCP, FFARCS, (Dept M1), Regimental Headquarters RAMC, Royal Army Medical College, Millbank, London SW1 4RJ. (Tel: 01-834 9060, ext. 342.)
ANNOUNCING
OUR NEW
ZYLORIC-300
TABLET

The introduction of our new Zyloric 300mg tablet, in addition to the existing 100mg tablet, means a more convenient dosage regime for your gouty arthritics.

Full prescribing information about Zyloric* and Zyloric-300* (allopurinol) is available on request.

Berkhamsted, Herts
Important differences between Caved-(S) (deglycyrrhizinised liquorice) and H₂ Receptor Antagonists in the treatment of Peptic Ulcers

RELAPSE RATE
Caved-(S) has proved its effectiveness in preventing relapse and recurrence of duodenal ulcers.¹

PROTECTION OF MUCOSAL BARRIER
It is now assumed that bile salts may play an important role in the pathogenesis of gastric ulcer by breaking the gastric mucosal barrier and allowing back diffusion of hydrogen ions.² The deglycyrrhizinised liquorice of Caved-(S) has been demonstrated to protect the gastric mucosa against the damaging effect of bile.³

ANTACIDS
Treatment of peptic ulcers with Caved-(S) gives the patient rapid symptomatic relief, and therefore additional antacids are not required.

Caved-(S) is an effective therapy for the treatment of peptic ulcers and is considerably lower in cost.

Caved-(S) – effective and low cost treatment for peptic ulcers and allied conditions. Caved-(S) – dosage can be adjusted according to the severity of the condition.

Caved-(S) – does not require additional antacid therapy. Caved-(S) – no reported side effects.

Seprtin in chest infections
the antibacterial cover that makes sure

The chart above shows in-vitro sensitivities of a variety of chest organisms, in particular *Strep.* and *H. influenzae*, to four frequently used antibacterials; 96% were shown to be sensitive to Seprtin. Seprtin* has a bactericidal action against all likely chest pathogens. Add to this the speed of clinical response and convenient dosage of Seprtin and you have an antibacterial you can rely on for both acute and chronic chest infections.

1 Modern Geriatrics (1975) 5, 11, 21.

Seprtin contains trimethoprim and sulphamethoxazole. Full prescribing information is available on request.

Lanoxin is also available as PG Elixir and Injection. Full prescribing information is available on request. Wellcome Medical Division, The Wellcome Foundation Ltd., Berkhamsted, Herts.

*Trade Mark
Mrs. Jackson’s migraines, while frequent, do not follow an entirely predictable pattern. She dislikes the side-effects of ergotamine treatments: long-term prophylaxis would involve an unacceptable degree of over-medication. Is there an alternative?

2 PINK MIGRALEVE, taken at the first warning, will often completely abort impending migraine attacks. Residual symptoms, if any occur, can be controlled with Yellow Migraleve. Like most patients, Mrs. Jackson will find such a regime preferable, because Migraleve offers:

- Less medication than with long-term prophylactic treatments
- Economic dosage, taken only as attacks occur
- Proven effectiveness in 79% of attacks
- Considerably less vomiting than with ergotamine
- Proven patient preference

5 good reasons for prescribing

**NON-ERGOTAMINE**

the migraine treatment patients prefer

"BY GIVING MORE WORK
TO MY NURSES YOU’LL HAVE MORE
TIME FOR YOUR PATIENTS!"

WINIFRED SMALLEY, SRN, SCM.

Medical practice these days means a very heavy workload.
A workload which, in a number of cases, you can share.
Often your patients will need constant attention
of a routine nature.
And it’s in cases like this that BNA, Britain’s
largest nursing agency, can help.
By recommending that they hire a qualified nurse
from BNA you can be sure that they’re getting skilled
professional attention.
Attention, that in many cases, can be covered by
BUPA or other private insurance schemes.
The BNA service is available nationwide 24 hours
a day, through our network of 26 branches.

For more information phone your local BNA branch. (see Yellow Pages) or contact:

Mrs M Reid, SRN, British Nursing
Association, 3rd floor, Faiman House,
470 Oxford Street, London W1.
Telephone: 01-723 8055.
Actifed* Compound Linctus is a palatable presentation of codeine, triprolidine and pseudoephedrine.

STATISTICS AT SQUARE ONE

by T. D. V. SWINSCOW

from the British Medical Journal

The statistical testing of data is indispensable in many types of medical investigation and a help on countless occasions in clinical practice. Elementary methods are generally sufficient for the purpose. This book provides step-by-step instruction on their use. Subjects covered include standard deviation, $\chi^2$ tests, t tests, non-parametric tests, and correlation. The book includes sections on Fisher’s exact probability test and rank correlation not published in the B.M.J. series.

DORSET AREA HEALTH AUTHORITY
East Dorset Health Care
ACUPUNCTURE POINTS WEST
A 2-day Symposium, designed to evaluate the present status of Acupuncture among the many therapies for pain in Western medical practice, will be held in Bournemouth on 6th-7th April, 1977. The speakers are drawn from centres as far as apart as Taiwan and Kuopio University, Finland, and from the different specialist backgrounds of neurophysiology, anaesthesia, orthopaedic medicine and traditional acupuncture. The programme will include: The history and background of acupuncture. Theories of the origin of pain. Research into acupuncture, from China and the West. The use of acupuncture in fields other than pain relief. All who are concerned with the relief of pain - particularly Hospital Specialist, General Practitioners and other therapists in Pain Clinics - are invited to attend. Registration fee £10. Write for further details and an application form to: Clinical Tutor, Postgraduate Medical Centre, Royal Victoria Hospital, Shelley Road, Bournemouth, Dorset BH1 4JG. (29372)

KINGSTON CONTRACTIVE CLINIC
in association with Kingston & Richmond Area Health Authority
A two-day THEORETICAL COURSE in FAMILY PLANNING to be held on Saturday 19th and Sunday 20th February, 1977. This conference is recognised by the joint committee on contraception and has been approved under Section 63. Course covers lectures on all aspects of contraception, including social and sexual problems, sterilisation, abortion and investigation of vaginal discharge. Course Fee £5.00. Further information from: Dr M. Rowby, present return of Acupuncture among the Acupuncture Centre, 317 Wightman Road, London SW11. Tel: 01-485 2381 Ext. 204.

Application forms from the Area Personnel Officer, 106-114 London Road, Kingston Upon Thames, Surrey KT2 6DZ. Tel: 01-764 2181 Ext. 219. (39394)

CHARTERHOUSE RHEUMATISM CLINIC
POSTGRADUATE LECTURES ON RHEUMATOLOGY
Sunday February 13th 1977, 10.00 a.m. to 12.30 p.m. "The Interpretation of Pathological Tests by the Rheumatologist" Dr. James Scott F.R.C.P.

THE UNIVERSITY OF LONDON
MEDICAL SCHOOL

Central Institutions Health Service. Applications are invited for appointments to the Central Institutions Health Service, which provides general and specialist medical services for staff and students. It is anticipated that these appointments will become a principal in the N.H.S. practice, in partnership with the general practitioners in the area. Salary and expenses will reflect this responsibility. Previous experience in University Health Department practice is desirable, and a sympathetic interest in the problems of young people is essential.

Further particulars and application forms are obtainable from the Administrator, University Health Department, 11, East Street, Old Street, London EC1. Last date for receipt of applications is 31st January, 1977. (28632) 25

UNIVERSITY OF MALAYA

CHAIR OF PHARMACOLOGY

Applications are invited for the post of Chair of Pharmacology in the Faculty of Medicine. Qualifications and Experience: Candidates should have high academic qualification and wide experience in research, teaching and publication in this subject. They are also required to have publications of academic standing. Salary and potential facilities will be determined in consultation with the University. Salary scale is K.S. 2,760 to K.S. 6,000. Application forms and details may be obtained from the Secretary, Medical School, University of Malaya, Kuala Lumpur, Malaysia. Last date for receipt of applications is 1st January, 1977. (25824) 25

UNIVERSITY OF BIRMINGHAM

DEPARTMENT OF SURGERY

Applications are invited for the post of LECTURER in (Clinical) in the Department of Surgery. The post will include a period of attachment to Queen Elizabeth Hospital and the General Hospital, which are the principal undergraduate Teaching Hospitals. The successful applicant will have a major responsibility on the clinical care of patients and in the organisation of and participation in undergraduate teaching in surgery and its related disciplines. Appropriate honorary status, usually at some registrar level, but depending on ability and experience, will be granted within the Birmingham Medical School. The post is recognised towards accreditation for Higher Specialist Training in General Surgery. Participation in research will be expected and all experimental facilities are available in the Department of Surgery at the Queen Elizabeth Hospital. Salary scale £4,506 to £7,299 plus superannuation. Applications naming three referees should be sent by 31st January, 1977, to the Assistant Registrar, The Medical School, Birmingham B15 2TJ. Further particulars may be obtained from Miss G. M. B. Nichols, Administrative Secretary, Department of Surgery, Queen Elizabeth Medical Centre, Birmingham B15 2TJ, with whom arrangements to visit may be made. (34043)

UNIVERSITY OF BIRMINGHAM

DEPARTMENT OF PSYCHIATRY

Applications are invited for the post of LECTURER in (clinical) in the Department of Psychiatry. In addition to the usual teaching, research and clinical duties, the post offers opportunities for the investigation and treatment of students with psychiatric problems, undertaken in conjunction with resources of the Mental Health Service. Appropriate honorary status will be granted within the Birmingham Medical School. Salary scale £4,056 to £6,729 plus superannuation. Further particulars may be obtained from Mr. K. G. E. H. Trethowan, Department of Psychiatry, Queen Elizabeth Medical Centre, Birmingham B15 2TJ. Applications, naming three referees should be sent to the Assistant Registrar, The Medical School, Birmingham B15 2TJ. (34045)

UNIVERSITY OF SHEFFIELD

SENIOR LECTURER IN MEDICINE

Applications are invited for the post of Senior Lecturer in Gastroenterology. Applications are invited for the post of Senior Lecturer in Gastroenterology. The post is expected to carry honorary consultant status with the Sheffield Area Health Authority (Teaching). The successful applicant will be based at the Royal Hospital, Sheffield where he/she will share the general medical commitments of the Professorial Medical Unit (Professor John Richmond), shortly to be based in the new hospita, and will be in charge of the gastroenterology department. The successful applicant will be expected to undertake a programme of research and clinical work, which will also involve the development of a clinical postgraduate course in gastroenterology and the supervision of Medical School students. Further particulars are obtainable from Mr. C. B. E. Carr, Medical Secretary, Department of Medicine, University of Sheffield, Mappin Street, Sheffield, S10 2TN, to whom applications (1 copy) should be sent by 31st January, 1977. (28450) 25

UNIVERSITY OF NOTTINGHAM

LECTURSHIP IN MICROBIOLOGY

Applications are invited from registered medical practitioners for a post of Lecturer in Microbiology. The Lecturer will participate in the teaching, which continues throughout the five years of the medical course, and in the diagnostic and Public Health bacteriology undertaken by the Department. Research facilities are good and ample opportunity exists for participation in various investigations currently in progress or for the development of independent research interests. Salary will be on the clinical Lecturer scale with appropriate increments for superannuation. Details of any honorary status will be granted. Professor Francis G. G. Ogilvie would be pleased to discuss the post with intending applicants (Tel 0602 60881 Ext. 2702). A letter of application should be sent to Mr. G. S. C. Howard, Assistant Registrar, Department of Bacteriology, University Medical School, University Hospital and Medical School, Clifton Boulevard, Nottingham NG7 2UH, to whom applications should be returned by 22nd January, 1977. (28224) 25

OCCUPATIONAL HEALTH

Regional Medical Officer - Edinburgh

The Regional Medical Officer - Edinburgh is directly responsible to the Chairman, with a professional responsibility to doctors in Post Office Headquarters. There will be a liability to travel within Scotland. The starting salary, depending on experience and qualifications, will be in the range £8,700 to £11,000. There is a contributory pension scheme.

Medical Officer - Glasgow

The Medical Officer will be based in Glasgow Head Post Office where there is a small clinic staffed by a nurse. The person appointed will carry out visits outside Glasgow. Previous experience in occupational medicine would be an advantage but it is not essential. Postgraduate training in occupational medicine can be made available. The starting salary, depending on experience and qualifications, will be in the range £8,800 to £8,400. There is a contributory pension scheme.

FELLOWSHIP AWARDS

THE UNIVERSITY OF LIVERPOOL AND THE ROYAL COLLEGE OF SURGEONS IN ENGLAND JOIN ROBERT JONES TRAVELLING FELLOWSHIP

ORTHOPAEDIC SURGERY

Applications are now being invited for the Robert Jones Travelling Fellowship in Orthopaedic Surgery. The Fellowship will be of the value of £2000 and will be tenable for two years. Applicants will be responsible to the Fellowship holder to ensure that they are available to travel abroad during the remainder of their training. The Fellowship holder will be free to accept any other appointments but he will be required to submit a report to the travelling fellow at the end of the year. Candidates are required to outline the type of orthopaedic work they wish to pursue and the orthopaedic centre or individual at which they would like to work.

Applications, stating age, qualifications and areas of interest, should reach the Registrar, The University of Liverpool, at the latest by 26th February, 1977. (Quote Ref. RV9444 BMJ (28430))

RESEARCH AWARDS

THE INSTITUTE OF SPORTS MEDICINE RESEARCH AWARD

To encourage young doctors in the initial stages of their research projects in the medical aspects of sport. The award is open to all medical practitioners. Applicants will be assessed by a scientific panel comprising Institute of Sports Medicine Research, Australian and New Zealand College of Sports Physicians and members of the Institute. Closing date: 1st May, 1977.

Applications (5 copies should be sent to the Institute of Sports Medicine, 10 Nottingham Place, London W1.) The selection is made by a scientific panel which may be obtained (s.a.e. please) (H11756) 26

ELECTIONS

FACTOR OF ANAESTHETISTS AND ACTUATORS OF SURGICAL INSTRUMENTS FOR ENGLAND

The Board of Directors of the Faculty of Anaesthetists and Actuators of Surgical Instruments for England will meet at the London Boardroom, Wellington College, Leigh-on-Sea, Essex on Tuesday, 18th July, 1977, at 8.00 p.m. to elect the above-named Fellows to fill the vacancies on the Board.

Applications should be sent to the Honorary Secretary, The Faculty of Anaesthetists and Actuators of Surgical Instruments for England, 10 Wellington Square, London, S.W.1.

FAMILY PLANNING

LOTHIAN HEALTH BOARD

Applications are invited for the post of Matron of the family planning clinic at the Parkview Health Centre, Parkview, Edinburgh every Friday after a weekly vassionette at Deans Terrace, Edinburgh, at 6.30 p.m. The post carries a salary of £27.30 per session. It is hoped that the successful candidate will have some experience in family planning work.

Please quote Ref. 77/BBM (28378)
FELLOWSHIP AWARDS

WORLD HEALTH ORGANISATION AND COUNCIL OF EUROPE FELLOWSHIPS 1978

A number of fellowships for study abroad will be awarded in 1978 by the World Health Organization (WHO) and the Council of Europe to students already engaged in training in medical or dental services, or to those engaged in training in any other medical, dental or related health services.

The fellowships are awarded normally for periods of two weeks to one month. In each case fellows are given an allowance of approximately £250 per month (the amount varying with the country or countries visited) together with appropriate travel fares.

Applicants are most likely to be successful if they are sure of specific requirements they are seeking, i.e. if they are of the opinion that they can benefit in their studies by small interdisciplinary teams, in which case separate application forms should be completed for each member while making it clear that a team approach is intended.

Application forms for fellowships to be taken up in 1978 may be obtained:

- a. by those resident in Scotland from: The Secretary, Scottish Home and Health Department, Room 235, St Andrew's House, Edinburgh EH1 2DE.
- b. by those resident in Wales from: The Secretary, Welsh Office, Health Department, Pearl Assurance House, Greyfriars Road, Cardiff.
- c. by those resident in Northern Ireland from: The Secretary, Department of Health and Social Services, Dunmold House, Upper Newtownards Road, Belfast BT4 3SF.
- d. by others from: The Secretary, Room C324, Department of Health and Social Security, Alexander Fleming House, Elephant and Castle, London SE1 6BY.

Envelopes should be marked WHO and Council of Europe Fellowships. The completed application form should be returned to the Office from which it was obtained no later than 18 February 1977.
WARWICKSHIRE AREA HEALTH AUTHORITY

ACCIDENT AND EMERGENCY DEPARTMENT

We have a vacancy for an Area Medical Officer in our Accident and Emergency Department and a further vacancy for a Senior House Officer in Orthopaedics.

The posts rotate through six months in the Accident and Emergency Department and one year in the Orthopaedic Unit. Orders for specific grades cannot be accepted. Payment must be PREPAID and enclosed with application.
Shortest Acting
"With doses up to 1 mg, the diuresis was largely complete within this interval."
"It... Burinex has a short duration of action, being virtually complete in 1 hr..."

Fast Acting
"The rapid absorption from the gastrointestinal tract is reflected in the brisk diuresis established within the hour."
"In... Burinex Injection, onset of action is within 10 min."
"Bumetanide is rapidly absorbed from the gut."

Well tolerated
"Burinex was extremely well tolerated."
"Bumetanide was well tolerated by patients."
"Overall, bumetanide showed itself to be a safe and effective diuretic when administered to severely ill patients in a busy hospital milieu."

The correct amount of K
"It is known from short-term studies that 1 mg of bumetanide increases the excretion of potassium by 10-15 mmol daily (Ashbury et al., 1972; Olkner et al., 1973; Davies et al., 1974). Two tablets of the combined preparation Burinex K contain 1 mg of bumetanide and 16 mmol of potassium."

At the correct time
"15% of the potassium chloride is released by one hour, the rest being released over a period of six hours."

Patients prefer Burinex K
"These results indicate that when long-term diuretic/potassium supplement therapy is required, Burinex K is a more acceptable regimen to the patients than one in which diuretic and slow K are given separately."
"Patients showed a highly significant preference to take two tablets on one occasion (Burinex K) rather than two different types of tablets on three separate occasions (Laxm... K) [1]."

*Burinex is a trade mark

...But of course the decision is yours.

**Burinex K**
Tablets contain 0.5 mg bumetanide with a slow release core of 573 mg (7.7mEq) of potassium chloride.

Full prescribing information available from Leo Laboratories Limited, Hayes Gate House, Hayes, Middx.
